WORK EXPERIENCE

The GW Medical Faculty Associates (MFA)

Washington, D.C. (Remote)

Web Associate

July 2023 - Present

- Develop websites, pages, and custom components for MFA patients and Academic Medical Enterprise stakeholders (medical providers, university faculty, students and researchers)
- Create new styled components for the web team to use across our sites (CSS).
- Code scripts and UI tools to automate or expedite processes and content updates (JavaScript/TypeScript).
- Test sites in development environments to diagnose bugs and ensure all intended functionality.
- Optimize site media and audit sites for accessibility and performance issues.

The GW School of Medicine & Health Sciences (SMHS)

Washington, D.C.

Web Migration Assistant

October 2022 - July 2023

- Migrated and QA tested over 3,000 web pages in Drupal 9 for the relaunch of the GW SMHS website.
- Enforced web accessibility standards and responsive design principles.
- Developed custom components for stakeholders across the SMHS (CSS, JavaScript).

Boston University School of Medicine

Boston, MA

Web Designer

January 2022 - August 2022

- Redesigned websites for the Department of Pharmacology and the Office of Financial & Grants Administration.
- Surveyed faculty to determine widespread changes to content presentation and other design requests.
- Implemented extensive custom CSS styling to the existing WordPress site framework.
- Sourced and optimized new site images for a fresh, modern look.

LEADERSHIP EXPERIENCE

The Daily Free Press

Boston, MA

Photo Section Editor

August 2021 - December 2021

- Determined and coordinated photo coverage for city, campus, features, sports and lifestyle sections.
- Managed a staff of three associate photo editors and over 20 photographers. Trained staff photographers.
- Edited images and wrote captions in AP Style for daily online publication. Curated photo galleries.
