Conor Kelley

Web Developer, Healthcare

Brooklyn, NY | Portfolio Site | LinkedIn | GitHub | cfk102@gmail.com

WORK EXPERIENCE

Universal Health Services (UHS) — **King of Prussia, PA (Remote)**
Associate Web Developer — *August 2026 - Present*

- Develop and maintain web pages, components, and site integrations across UHS's subsidiary healthcare practice locations.

GW Academic Medical Enterprise — **Washington, D.C. (Remote)**
Web Associate — *October 2022 - August 2026*

- Spearheaded frontend development and provided operational support for the web ecosystem of The George Washington University's academic medical enterprise: The GW MFA (now Capital Medical Group) and the GW School of Medicine & Health Sciences.
- Built and maintained frontend components, webforms, and content across 100+ provider and department sites in a Drupal environment.
- Collaborated with faculty, chairs, and administrators on profile, location, service line, and resource pages.
- Created internal automation tools, feature documentation, and ran WCAG accessibility audits.

Boston University School of Medicine — **Boston, MA**
Web Designer — *January 2022 - August 2022*

- Redesigned two WordPress websites for the BU School of Medicine - one department, one administrative.
- Worked with faculty to gather business requirements; created custom CSS styles and new site assets.

AWARDS

GW Medicine Pillar Award — *February 2026*
Awarded to individuals for exceptional work in support of the GW academic medical enterprise.

EDUCATION

Boston University College of Communication — **Boston, MA**
B.S. in Visual Journalism
Minor, French language • Additional coursework, Computer Science and Web Technology
